星魄科技 — 致心服务，携手未来

介绍 INTRODUCTION

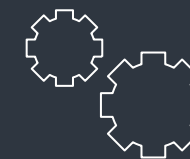

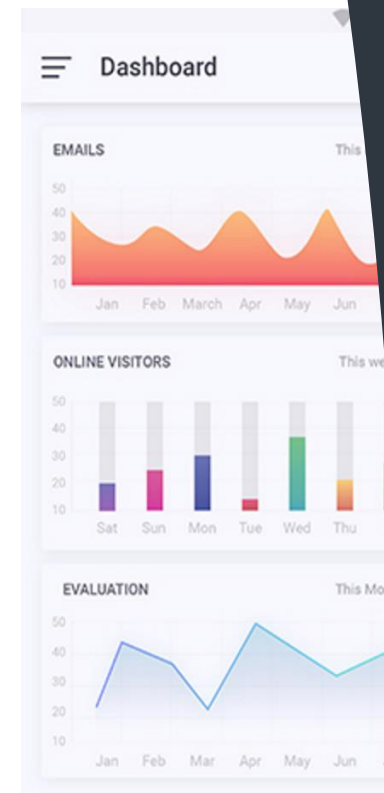

星魄科技致力于提供企业级解决方案，涵盖六大业务板块，分别是行业软件业务、系统平台业务、工业设计业务、视觉设计业务、科学研究业务和能源咨询业务。

StarSoul SciTech is committed to providing enterprise-class solutions, covering six business segments, namely, industry software business, system platform business, industrial design business, visual design business, scientific research and energy consulting business.

工业设计业务 INDUSTRIAL

工业设计业务包括了产品研发、样机研制、小批量生产等业务，助力客户从零到一打造新的产品，精简研发流程，加快开发进度。

Industrial design business includes product development, prototype development, small batch production and other services to help customers build a new product from zero to one, streamline research and development process, accelerate the development schedule.

定制化 CUSTOMIZATION

星魄科技提供了定制化的解决方案，为个人和企业用户量身打造解决方案。

StarSoul SciTech provides customized solutions for individual and business users tailored solutions.

行业软件业务 SOFTWARE

行业软件业务包括了数据处理软件、可视化绘图软件和专业软件定制，为客户提供了桌面级软件和移动端软件的开发服务。

Industry software business includes data processing software, visualization software and professional software customization, providing customers with both desktop software and mobile apps development services.

企业级解决方案 六大业务板块

系统平台业务 PLATFORM

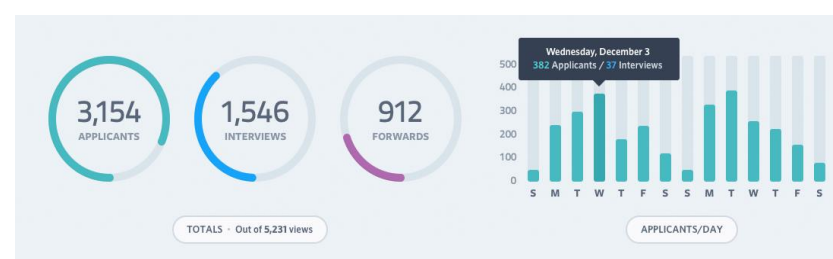

系统平台业务包括了平台即服务 (PaaS) 和软件即服务 (SaaS) 两大类，可提供综合业务系统、地理信息系统、数据可视化系统的开发定制。

System platform business, including platform as a service (PaaS) and software as a service (SaaS) two categories, can provide integrated business systems, geographic information systems, data visualization system development and customization.

视觉设计业务 VISUAL

视觉设计业务包括了网页、APP 设计，UI/UX 设计，动画设计等业务，帮助客户塑造独特鲜明的品牌形象，助力市场推广。

Visual design business including web, APP design, UI / UX design, animation design and other services to help customers create a unique and distinctive brand image, thus help promote the market.

平台化 PLATFORM

星魄科技提供了平台即服务的 IT 解决方案，为企业构建稳定可靠的 IT 基础设施。

StarSoul SciTech provides a platform as a service IT solutions for enterprises to build a stable and reliable IT infrastructure.

科学研究业务 RESEARCH

科学研究业务包括了系统级仿真、大数据分析、电磁场计算、精细建模等业务，帮助客户解决产品研发过程中的科学问题。

Scientific research services include system-level simulation, large data analysis, electromagnetic field calculation, fine modeling and other services to help customers solve the product development process of scientific issues.

新能源业务 ENERGY

新能源业务包括了电力市场、辅助服务、储能服务等业务，提供市场机制分析、辅助服务分析、大用户直接交易分析和现货市场分析。

The new energy business includes the electricity market, auxiliary services, energy storage services and other services, providing market mechanism analysis, analysis of ancillary services, large users of direct transaction analysis and spot market analysis.

企业级 ENTERPRISE

星魄科技提供了企业级的解决方案，适用于企业产品服务的各个生命周期。

StarSoul SciTech provides enterprise-class solutions for enterprise products and services in all life cycle.
